Price List for Christmas 2018

Thank you for requesting my price list. I undertake commissioned pieces on all subjects which normally fit into the pricing structure outlined below, though for extra-complicated or unusual works there might be some variation, but as I would always confirm that in advance it costs nothing to ask.

*Prices are correct at the time of publication but can change at any time without notice.

I produce original works as paintings on stretched canvas, slate or paper and also sketches but might offer other formats such as wood or metal in future or upon request, use your imagination I'd love to hear your suggestions! If you already have an item and would like a beautiful image of your choice painted onto it you only need to ask if that's possible. Just click the link here to begin a conversation >> [Contact Me](#)

All prices quoted for slate work and sketches currently include Free shipping to mainland UK addresses and beyond that I calculate shipping to be 'at cost' - for a list of exceptions please see my [PBWgallery](#) home page. For canvas paintings shipping costs are calculated to be 'at cost' per order. I frequently ship my work to the USA and Australia etc. and can normally deliver anywhere in the world where the major couriers operate.

As well as my 'already-painted' and commissioned original pieces I also sell a wide range of my artwork as very high quality prints (beginning with stunning 12" x 10" mounted prints) and as greetings cards. If you commission a work why not ask if I can produce greetings cards and prints with the same image for you, great to celebrate your new purchase with friends and family (a picture is worth a thousand words!) or to include the matching card with a gift to a loved one?

*other diptychs, triptychs and more-tychs are available and I can usually create a work for you to suit any space shape and room décor.

For flower meadow paintings you can suggest your own favourite plants to include.

For animal paintings I frequently work from good photographs and for multiple animals in one painting I do not need them to all be on one photograph.

Why not consider your pets, past and present, in one image?
